

# THE REAL VALUE OF HEALTH COVERAGE

No one plans to get sick or hurt, but most of us will need medical care sometime during the year. Having health coverage means you won't have to pay the whole cost of care on your own, whether you have a simple stomach bug or a serious accident or injury.

## Did you know without health insurance...

**\$1,500**

Cost of an ambulance ride<sup>1</sup>

**\$7,500**

Cost of fixing a broken leg<sup>2</sup>

Average cost of a three-day hospital stay<sup>2</sup>

**\$30,000**

Comprehensive cancer care can cost **hundreds of thousands** of dollars.<sup>2</sup>

## Here's what you'll get with most plans:

# \$0 PREVENTIVE CARE AND SCREENINGS

See your doctor each year and keep tabs on your health.

Plus, you'll get:

- Preventive and wellness care
- Emergency care
- Ambulance services
- Hospitalization
- Prescription drugs
- Lab services **and more!**

## COULD THIS BE YOU?

**Steve got COVID-19, but he didn't have a health plan.** After a week in the hospital, he owed more than **\$70,000** out of his pocket.

**Stacey broke her leg sliding into home plate during a softball game.** Treatment at the urgent care center, plus follow-up visits to the bone specialists, came to nearly **\$10,000**—which she paid out of her own pocket.

**Not having coverage can cost more than you may think.** Unexpected medical bills can cause stress and financial strain—even bankruptcy. Your health plan is here when you need it, all year long. Visit **GetCoveredFlorida.com** to learn more.
